2. The participation commitment will be calculated by adding the Risk Assessment by Acres to the Historic Fire Cost Average in each jurisdiction.

3. An entity may appeal the participation commitment determination to the State Forester by informing the division in writing of the entity's disagreement with the Division's determination and stating the reasons for the disagreement.

4. The State Forester may hold an informal hearing or request additional information. After deliberation, the State Forester shall make a final determination of the participation commitment and communicate it to the entity.

1. The Risk Assessment by Acres is calculated using the Division's "Utah Wildfire Risk Assessment Portal" (UWRAP).

(a) county "high risk" (red) acres are assessed at $0.40/acre and county "medium risk" (yellow) acres are assessed at $0.30/acre.

(b) municipal "high risk" (red) acres are assessed at $3.50/acre and municipal "medium risk" (yellow) acres are assessed at $2.00/acre.

1. Only wildfire suppression costs that are accrued and paid by the State on behalf of a participating entity are counted toward that entity's Historic Fire Cost Average, this includes State-paid costs after a Delegation of Fire Management Authority and Transfer of Fiscal Responsibility has occurred.

2. The historic fire cost average is calculated on a rolling ten-year average, dropping the highest and lowest cost years and adjusting for inflation (using the CPI); therefore, each ten-year average will have eight data points.

3. The historic fire cost average includes only suppression costs for which that entity who has fire suppression responsibility and taxation authority.

4. A county's historic fire cost average will only include state-paid suppression costs on all unincorporated land other than federal and state.

5. A municipality's historic fire cost average will only include state-paid suppression costs on all incorporated land other than federal and state.

6. An entity with both county and municipality responsibilities will include state paid suppression costs on all unincorporated land other than federal, within a county and state paid suppression costs on all incorporated land other than federal, within their jurisdiction.

1. An entity may meet its participation commitment requirement either through direct expenditure of funds, or by "in-kind" expenditures in support of prevention, preparedness, or mitigation efforts including, but not limited to, prevention material costs, fuels crew labor costs, and other expenditures determined by the Division to be eligible towards the participation commitment.

2. The participating entity is responsible to record and account for its participation commitment actions and expenditures and to provide an annual accounting to the Division for review and approval.

1. The value of Participation Commitment actions may, in certain instances, "carry-over" to the next fiscal year with the approval of the respective FFSL Area Manager.

2. It is the responsibility of the Participating Eligible Entity to receive approval from their respective FFSL Area Manager in advance of pursuing a carry-over and account for, track and report the carry-over from year to year.

3. Decisions of the Area Manager may be appealed to the State Forester. The State Forester may hold a hearing or request additional information before making a final decision.

R652-122-800. Annual Participation Commitment Statement.

1. Every year, after the fire business and accounting for the prior year is finalized, the Division will send to each participating eligible entity an Annual Financial Statement containing the determination of the calculated Participation Commitment for the entity's coming fiscal year.

2. The Participating Eligible entity's chief executive officer must then sign and return the Annual Participation Commitment Statement to the Division by a due date determined by the Division, thereby acknowledging the entity's participation for the coming fiscal year.

3. Unless the division has approved an extension, if an entity fails to return the signed Annual Participation Commitment Statement to the Division by the due date, the cooperative agreement shall be considered revoked and the entity shall be withdrawn from participation in the wildland fire suppression fund.

3. The Division may revoke a cooperative agreement only pursuant to Division rules and the terms of the cooperative agreement.
4. An eligible entity whose cooperative agreement has been revoked shall be responsible for the costs of wildfire suppression within its jurisdiction for any time period during which the entity failed to meet the requirements of the cooperative agreement.

1. The division shall bill an entity that has not entered into a cooperative agreement with the division as described in Section 65A-8-203, or whose agreement has been revoked pursuant to R652-121-900, for the cost of wildfire suppression accrued by the state within the jurisdiction of that entity.

2. The cost of wildfire suppression to an entity that has not entered into a cooperative agreement with the division as described in Section 65A-8-203, or whose agreement has been revoked pursuant to R652-121-900, shall be calculated by determining the number of acres burned within the borders of the entity, dividing that number by the total number of acres burned by a wildfire, and multiplying the resulting percentage by the state's total cost of wildfire suppression for that wildfire.

3. An entity that receives a bill from the division, pursuant to these rules, shall pay the bill, or make arrangements to pay the bill, within 90 days of receipt of the bill, subject to the entity's right to appeal, as described in Subsection 65A-8-203(5)(b)(vi).

Suppression costs for a wildland fire shall be calculated by determining the number of acres burned within the jurisdictional boundary of the entity, dividing that number by the total number of acres burned by a wildfire, and multiplying the resulting percentage by the state's total cost of wildfire suppression for that wildfire.

1. Delegation of Fire Management Authority occurs when:

   (a) State or Federally owned lands are involved in the incident; or,
   
   (b) firefighting resources are ordered through an Interagency Fire Center (beyond "pre-planned dispatch"); or,
   
   (c) at the request of the participating entity (local fire official on scene) having jurisdiction; or,
   
   (d) at the discretion of the State Forester after consultation with local authorities.

(1) The division uses the International Urban Wildland Interface Code as a basis for establishing the minimum standards discussed in this document.

(2) The Division incorporates by reference the 2003 International Code Council Urban-Wildland Interface Code as the minimum standard for wildland fire ordinance.
